Travel Hub Gen 2

A smarter way to work.

The Lenovo USB-C Travel Hub is a must have portability solution for all USB-C laptops[1] users grinding in the conference room or making last minute updates on the fly. Through your USB-C port, the hub grants you instant connection to an external monitor, wired network, or a USB device of your choosing; so, whether you're presenting, plugging-in, or transferring files you can be assured this ergonomic hub has you covered.

Why you need the Lenovo Travel Hub Gen 2

One connector, four connections
Easily connect to an external display, wired network, and a USB 3.0 device via a single USB-C port.

Stunning 4K or 1080p
Experience a vibrant 4K display via HDMI or a Full-HD experience through 1080p resolution via VGA.

Enterprise ready
The hub provides easy and secure network manageability with selected ThinkPad laptops.

USB 3.2 Gen 1

RJ45

VGA

HDMI 1.4

[1] Lenovo USB-C & Thunderbolt™ Docks function with laptops that support industry standard USB-C Alt-Mode or Thunderbolt™ protocols through their Type C™ port. Lenovo USB-C and Thunderbolt™ Docks support additional features, such as MAC address passthrough, WOL and mirrored power button, on most Lenovo ThinkPad laptops, but such features may not be available on certain other Lenovo laptops or non-Lenovo branded laptop systems.
